EIN 31-1614379

*Mission:* To provide basic medical and dental care, diagnostic services and prescription drugs to low income, uninsured residents of Brunswick County and to enhance the quality of life, while preserving the privacy and dignity of every patient.

Newsletter Volume 6, Issue 1

December 2014

New Hope Clinic continues to be committed to serving the healthcare needs of the underserved in Brunswick County. We deliver a full range of healthcare services, including primary and specialty medical care, dental care, patient education, and prescription medications, at no cost to our patients. With the tireless commitment of our organizational partners, volunteer base, and staff, New Hope Clinic is able to provide an innovative, cost effective and comprehensive solution for many uninsured Brunswick County residents.

The Affordable Care Act is expected to extend coverage to many Americans over the next decade, but there will continue to be uninsured individuals, gaps in services not covered and we live in an area with a shortage of providers. The NHC is still in great demand as the transition in health care has already proven to be difficult on many fronts.

The medically underserved in our community struggle with daily choices such as putting food on the table for their family, paying for housing, utilities and even rationing prescriptions. At New Hope Clinic, we are thankful for our volunteers, staff, and donors who help us provide accessible healthcare to our patients. With your help, our clinic will continue to help build a healthy Brunswick County, one patient at a time!

In appreciation for all you do for our community through your support of New Hope Clinic, we wish you and your loved ones the best during the upcoming holidays and the new year.

Gretchen Bodinsky  
President, Board of Directors

Sheila Roberts  
Executive Director

## Ranked Exceptional

NHC has maintained the highest level of accreditation offered by the NC Association for Clinics for 3 years in a row. The Level 3 accreditation indicates the organization consistently performs at an exceptional level. This program covers twelve areas including legal, governance, financial, charitable fund development, public accountability and ethics, public policy and advocacy, collaboration and partnerships, human resources, constituency development and services, risk management, and medical record management.

Credit for this accomplishment goes to all the Clinic employees, volunteers and Board who work diligently to meet high standards of care and organizational integrity. Thank you for upholding New Hope Clinic's values!
